

MODULAR 20

A REVOLUTION IN DISPENSING
FRESH DRAUGHT BEER

MODULAR 20

A REVOLUTION IN DISPENSING
FRESH DRAUGHT BEER

The DraughtMaster MODULAR 20 couldn't be easier to use. The innovative, closed-system keeps beer fresher for up to 6x longer than the old steel keg system and allows you to offer a greater range of brands, while taking up less space too.

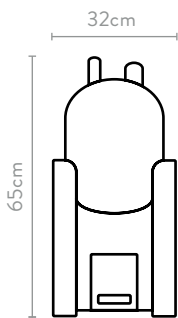

DRAUGHTMASTER M20 COMPONENTS

CONTROL UNIT

For simple, semi-automatic
line cleaning

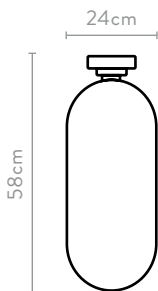

H55xW23xD54cm

M20 MODULE

Pressure chamber to
squeeze out the fresh beer

H65xW32xD54cm
